

## Would you like to help shape your health service?

**DPV**  
Health®

### Have a voice in inclusive service development at DPV Health

DPV Health is committed to ensure that we are welcoming, culturally safe and provide appropriate services for the diverse communities we support, including Aboriginal & Torres Strait Islanders, LGBTIQ, people with disabilities and newly arrived communities.

We are inviting members from the community to provide their input and feedback into our service design and practice and help us to offer a welcoming service for all.

### Get Involved

#### Become a Consumer Representative

A voluntary role where you will have an opportunity to:

- > Have your say, and provide insight into what is important to you and the community
- > Suggest ways to make our services more user-friendly
- > Participate in surveys, focus groups, committees, or projects
- > Provide feedback on our brochures, publications and other communication
- > Help to promote health services within the community

#### Join our Community Network

When we need to consult our community on specific health initiatives and community related topics, we will contact the community members in our Community Network to get your thoughts or feedback.

This is a great way for you to stay updated and have a say in important initiatives.

For more information visit

[dpvhealth.org.au](https://dpvhealth.org.au)

To sign up for any of the options, please provide the following details:

Name: \_\_\_\_\_

Contact phone number: \_\_\_\_\_

Best time to contact you: \_\_\_\_\_

Email: \_\_\_\_\_

You may return the form to a DPV Health Community Engagement Coordinator, hand it in at a [DPV Health site reception](#), or send it to us via:

**Post:** DPV Health, Level 1, 2 Graystone Court, Epping 3076

**Email:** [populationhealth@dpvhealth.org.au](mailto:populationhealth@dpvhealth.org.au)

We welcome applications that reflect the diversity in our community.

DPV Health is an inclusive organisation that celebrates the diversity of all people within our communities. We are passionate about helping to support people to lead happy healthy lives. We are dedicated to working with the Aboriginal and Torres Strait Islander, Disability, LGBTIQ, and newly arrived communities.
