Fee Guidelines

For our updated Schedule of Fees visit dpvhealth.org.au or call 1300 234 263 for details.

- > DPV Health has adopted the fee structure recommended by our funding bodies, which is based on household income level. The fee you pay will depend upon your personal circumstances and whether you have a Healthcare Card or not. On some occasions, you may have to make a small co-payment to receive the service. The fees will be discussed with you at the time of making your appointment.
- All clients have the right to request a fee reduction, waiver or capping because of individual circumstance. An Application for Fee Waiver Form must be completed for this purpose. The forms are available from reception or the staff member providing you the service.

Putting You First Always

At DPV Health, we are committed to always put you first.

We listen to your voice and work together with you to deliver quality services and programs to support you to achieve your healthcare goals. Refer to feedback form attached.

If you believe your voice is not being listened to or respected, you can speak with our team or get the help of an Advocate.

Who can I talk to at DPV Health?

- > You can speak directly with someone in your healthcare team, such as your clinician, nurse, or support worker.
- > You can call a manager if you feel a matter needs to be addressed immediately.

What will an Advocate do?

The role of an Advocate is to ensure:

- > your voice, views and experiences are heard and treated with respect
- > you receive equal and fair treatment, and your circumstances are taken into consideration, and
- > you are fully aware of your rights under current legislation and can make informed decisions based on the advice provided.

The Advocate will:

- > listen to you and your issue
- > help you to speak up or ask to questions/speak on your behalf if requested
- > respect your choices and decisions, and
- > take your consent before doing anything on your behalf

There are many advocacy organisations that will be able to assist with your needs. For a list of advocacy organisations that can support and advise you, visit **dpvhealth.org.au/contact-us/feedback-and-complaints**.
