

Our expert dental team are dedicated to help keep your teeth healthy, prevent oral health problems and provide high quality treatment when needed.

Using state-of-the-art technology and the latest dental equipment, we offer public dental, affordable private dental and emergency dental service to communities across Northern Melbourne and beyond.

Our dental team can support you with:

Public dental:

- > We offer restorative dental treatment, dentures and emergency care for adults, in addition to a School Dental Program and Early Childhood Oral Health Program.
- > We also provide specialist referrals to the Royal Dental Hospital of Melbourne.
- > Please note that there is a waiting list for these services and patients are prioritised for care through a triage system. This means that patients with urgent dental conditions are treated sooner, and that there may be wait times for routine dental care.
- > To be eligible for public dental you must have a concession card, health care card or pensioner concession card. A small co-payment may apply to this service.

Affordable private dental:

- > We believe that quality dental services should be available to everyone and at affordable prices. Whether you are a new patient or existent public dental client, you can now take advantage of low-cost dental on general dentistry without the waiting period. You don't need a concession or health care card to access the private dental service.

Emergency dental:

- > If you require emergency care under public dental, you will be prioritized according to your condition. Triage helps us to attend to patients with the most serious dental problems first.

Who can use this service

To access the adult dental program or emergency dental service, you must be aged 18 years or over, and have a valid Pension Card or Health Care Card.

A waiting list applies for the adult dental program. Appointments for all clients under 18 years of age are to be booked by a parent or guardian. Private emergency and general dental services are available to anyone at full fee for service.

Children 12 years and under can access our child dental program. If the child is not covered by a concession card or Child Dental Benefits Scheme, a fee will apply.

Children 13-18 years must have a concession card or be eligible for Child Dental Benefits Scheme to attend the clinic.

Fees

There is a client co-payment for the public dental service.
*Fees can vary.

For current co-payment fees visit: www.dpvhealth.org.au

Affordable private dental fees can vary depending on the treatment.
