

Paediatric Dietitians are committed to helping develop healthy, growing children. Nutrition plays a very important part in your child's growth, development and learning.

DPV Health Paediatric Dietitians focus on using a family centred approach to support your child towards healthy growth and development. We will work with you and your child to increase the nutritional quality, variety and enjoyment of your child's food!

With compassion and encouragement, we empower parents and carers to have fun and enjoyable mealtimes.

Our Paediatric Dietitians can support with:

- | | |
|--|--|
|  Infant nutrition and introducing solids |  School lunches |
|  Growth concerns and poor growth |  Nutrient Deficiencies |
|  Fussy and selective eating |  Making mealtimes fun! |
|  Constipation and other stomach and gut concerns |  Meal preparation and planning for the family |
|  Food allergies and intolerances | |

Our Services include:

- > Nutrition assessments and action plans to support your specific goals
- > Recommendations specific for your family and child's nutrition
- > Individual one-on-one or family sessions
- > Group programs for fussy feeding including food interaction practice
- > Liaising with your child's health professionals and care givers including Maternal and Child Health Nurses, Child Care, Kinder and School
- > Referrals to other services, as required

Who can use this service

This service is for children aged 0 – 12 years and their parents/carers.

We accept self-referrals, and referrals from GPs, paediatricians, specialists, maternal and child health nurses, other health professionals, carers and family members.

Fees

Please note there is a client co-payment for this service -

Healthcare Card / Pension Card holders: \$10.10
