

We help with prevention and treatment of all feet conditions. Problems with your feet can affect your ability to walk and move pain free.

Our Podiatrists can help provide foot care advice, prevention, and treatment of all feet complications. From diabetes and other chronic foot conditions, reducing and managing pain, selecting footwear to improve your comfort, and improve your balance and reduce the risk of falling. We can also provide your child with a stable foundation to grow and develop.

We can provide foot care advice and treatment, including:

Full diabetes assessment- Doppler study, neurological assessment, ankle brachial pressures, toe pressures

In-growing toenails, including nail surgery

Warts

Corns and callouses

Fungal infection (skin and nails)

Teaching self-management strategies to prevent injury and complications

Orthotics/shoe innersoles

Children's feet (in-toeing/toe-walking)

Wound care/ulcers
