

Spring at Home

Home Care Packages

Recognising the need for extra support can be a big step, both for people who need care and carers themselves. DPV Health is an approved provider of Home Care Packages. We offer the highest quality Home Care Package services, delivered by our experienced, caring, quality staff.

Here are three ways we can help you this Spring using your Home Care Package:

1. In-Home Cleaning

Do you need a little extra help cleaning around the house? You could be eligible for DPV Health's in home cleaning service with your Home Care Package. DPV Health understand that maintaining a clean and tidy home is essential for well-being and peace of mind.

2. Gardening & Home Maintenance

Do you need a little extra help taking care of your garden or cleaning your gutters? As an approved provider of Home Care Packages within Hume and Whittlesea, DPV Health offer lawn mowing, gutter cleaning and light household maintenance, delivered by experienced staff.

3. Allied Health Services

We offer the highest quality Allied Health services, delivered by our experienced, caring, quality staff. Our services include:

- Podiatry
- Physiotherapy
- Exercise Physiology
- Nutrition & Dietetics
- Occupational Therapy

Our Home Care Packages are specifically designed for you, to meet your unique needs and preferences. Our range of health and wellbeing services will support you to continue living comfortably and independently in your own home.

If you don't currently have a Home Care Package call us on **1300 234 263** (select Aged Care Services).
